My Diabetes My Way. Access your diabetes health records online

An easy-to-use service that helps you manage living with diabetes anywhere you can access the Internet.

★ Convenient access

My Diabetes My Way can advise you how to improve your self-care in-between clinic appointments. At any time that suits you, you can check up-to-date personalised information in your NHS diabetes record.

★ Manage your diabetes

My Diabetes My Way can help motivate you. You can become an expert in your condition and learn how to make changes to benefit your health.

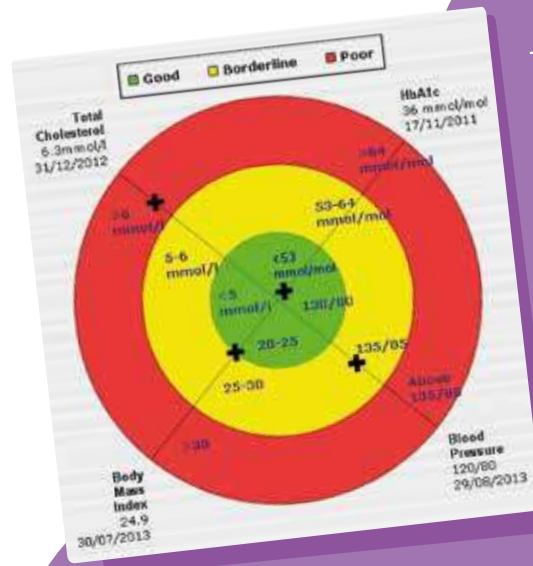

★ Reach your goals

My Diabetes My Way allows you to set and monitor goals, and record blood glucose, weight and blood pressure results. You can then discuss progress during clinical consultations.

★ Secure and free

The My Diabetes My Way service, which is exclusive to NHS Scotland, complements the face-to face care you receive. It uses industry-standard security and is completely free to use.

Not an Internet user?

Perhaps a friend or family member can help you. Also, most libraries now provide free Internet access and training on how to use Internet browsers.

Is it safe?

Yes. Very safe. Your records are protected by security systems like those used for Internet banking, and access is granted only to you and your healthcare team.

What is 'myaccount'?

'myaccount' is a Scottish Government initiative, which gives you **secure electronic access to various public services**. It's also the gateway to *mydiabetesmyway*.

My Diabetes My Way is free for patients to use and only available within NHS Scotland. Development funded by The Scottish Diabetes Group who provide expert advice to the Scottish Government Health Directorate.
