Endocrinology**
Date

Dear ...

Do you think you could benefit from a patient-support group for type 1 diabetes?

Or use social media to improve your diabetes care?

Or change the diabetes clinics at the Royal Liverpool University Hospital in anyway?

The diabetes team at the Royal Liverpool University Hospital invite you to a meeting to discuss how we can improve the services, education and support for people with type 1 diabetes that we provide.

This meeting will be held on **Wednesday 28th September from 5pm to 7pm in the Foresight Centre**, which is opposite the Dental Hospital, directions and more information about how to get there can be found on their website <https://www.liverpool.ac.uk/conferences-and-events/venue-finder/foresight-centre/> in the "contact us" section.

Refreshments will be available at the start of the meeting.

We value the contribution that people with diabetes give towards the development and review of our services, in order to accommodate everyone, both for catering and seating, please let us know if you would like to attend.

You can do this by emailing julie.brake@rlbuht.nhs.uk or calling **0151 706 2829** option 3 and leaving a message with your name, contact details and any special dietary requirements (eg gluten free/coeliac, any food allergies). **Or simply return the reply slip provided.**

Looking forward to hearing from you.

Julie Brake Diabetes Specialist Nurse Lead and **Dr Reza Zaidi** Consultant Diabetologist

Where we all make a difference

R Charity

We're creating a world class new Royal. Together we will
Don't forget to donate - www.rlbuh.nhs.uk/fundraising

I will / will not be able to attend the meeting on Wednesday 28th September in the Foresight Centre.
